## NEW STRIKE MADE AT LUCKY BOY

STEEL GALENA FOUND THAT RUNS BETTER THAN \$300 A TON

Big strike on the Lucky Boy! This is the news that thrilled the people of Hawthorne yesterday morning. And it is a whale, too, and rich enough to excite the most cold blooded man living, says the Western Nevada Miner.

Manager John H. Miller of the Lucky Boy Consolidated Mining company arrived in Mina today noon from Hawthorne in his auto and brought along with him a 200-pound and a 50-pound chunk of ore from the new strike made on Thursday night. The big chunk is steel galena and was taken from an 18-inch vein and runs better than \$300 per ton. The smaller piece is from an 8-inch streak in the vein, is grey copper and goes from \$1700 to \$2000 per ton in silver values. The ore is by far much richer than any extracted from the Hubbard shaft and from which there was taken nearly a million dollars in ore.

The ore body was struck Thursday evening in a drift being run west from the tunnel, the ore vein being 18 inches in width and the occurrence being white lime spar, which has characterized the Lucky Boy ore. Yesterday 18 cars of ore had been broken, hauled out of the 6000-foot tunnel and piled on the dumps for shipment. While the cars in use are the regulation 2000-pound cars, the ore is so

dense and heavy that cars of ore being taken out are averaging 3200 pounds to the car. Up to 12 o'clock today the shift on duty had broken down, extracted and piled on the dumps 12 cars of ore and a half shift still left to make a record breaking ore extraction.

Mr. Miller states that the ore body, which was cut in the drift at tunnel level, is both going downward and upward, showing pretty conclusively that it is the main lead of the Hubbard shaft to reach which the company drove the 6000-foot tunnel. Mr. Miller feels very jubilant over the successful outcome of this stupendous piece of what looked like, to the more timid at the time, hazardous mining.

Not only Hawthorne but the whole of Mineral county can afford to rejoice over this rich strike, for it will give to the mines of this county such a stimulus as they have not known since 1906 and the early part of 1907. Coming as it does at this time it takes on a permanency that was not known in the boom days. It puts Mineral county before the mining world in the full glare of the calcium light, and will cause the investing public to turn to other mining properties in this county.

OLD PIONEER TO BE LAID TO REST

Relatives of the late Alfred A. Piper, who died Saturday evening in the county hospital, have been communicated with and arrangements made for the funeral to take place in this city. Services, conducted by Rev. R. W. Bayless, will take place tomorrow afternoon at 2 o'clock at Wonnacott & Cavanaugh's undertaking parlors. The interment will be in the Tonopah cemetery.

## ASSESSMENT NOTICE NO. 3.

Cash Boy Consolidated Mining Company.

Location of principal place of business, Carson City, Nevada.

Location of mine and works, Tonopah, Nye county, Nevada.

Notice is hereby given that at a meeting of the Board of Directors, held on the 17th day of April, 1915, an assessment of 1 cent per share was levied upon the capital stock of the corporation, payable immediately, in United States gold coin, to the secretary, at the branch office of the company, Tonopah, Nevada.

Any stock upon which this assessment shall remain unpaid on the 17th day of May, 1915, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Saturday, June 17th, 1915, to pay the delinquent assessment, together with the cost of advertising and expense of sale.

By order of Board of Directors, R. H. MEAD, Sec'y.

Tonopah, Nevada.

## DO YOU USE "DUMMY"

"Dummy"--A sham package in a shop, one that does not contain what its exterior indicates. \* \* \* Fictitious, Or, in other words, Blank, Stationery, in your daily business transactions?

?

Webster defines the word "Dummy" as follows: or shammed; feigned."

As applied to Business Stationery, the word "Dummy" carries with it all the odium applied by Mr. Webster. Associated with its use are the tombstones of countless business failures. It consists of a sheet of cheap paper in the shape of a bill head, a letter head, or, possibly an envelope, upon which is smeared the name of a town, together with a few blank lines upon which may be scrawled the name of the firm, person or corporation who is making a slipshod attempt to do business. Or the name may even be gobbled upon the sheet by a rubber stamp.

At all events, the use of such Stationery detracts from the quality of the stock carried if any attempt is being made to give honest, sterling goods.

Its use does not tend to leave a good impression in the mind of the party receiving it.

He is apt to associate you and your goods and your business in the same category to which your stationery properly belongs.

Think it over. Really there is but a short step at times between the road to Success and the broad highway that ends at the great big city of Failure.
